Dear Member :

Our Indian Society of Root Crops, since its inception more than three decades ago, has been playing a significant role through its multifarious activities to uphold the cause of Tropical tuber crops and its users system.

Change is inevitable and it is the rock foundation for development. As a corollary to it, a change in the functionaries of Indian Society for Root Crops has been thought of and executed. A new team of office bearer has been nominated for 2007-2010 .

We set our mission as 'Making Tuber Crops Competitive'. The change in the functionaries of the society reflecting the vision and aspirations and ideas of a generation attuned to technical advance would make the mission come true.

Already actions are on the anvil to gear up to adopt modern techniques of governance, publication, transaction and make all efforts to make it a vibrant dynamic institution which can respond to changes around us.

We, the new team request all the members to extend their support to modernize the society in thoughts, concepts, methods, governance and status.

We, feel that all of us who believe in the strategic role of our society, can play a significant part in the furtherance of research in tuber crops, to effectively bring in important changes to vitalize and revitalize it at this juncture and steer it to the position it deserves to occupy in a fast changing world.

We are happy to inform you that the Society proposes to bring out a Life Members Directory. I am enclosing a proforma to obtain information from you as a separate attachment file in MSWORD format. Kindly return it as early as possible by email/post.
